Versatile Lagoon configurations

P2 is focused on the ever-changing institutional environment. With exceptional and unlimited flexibility in furniture product selection, P2 is able to support educators in their mission to shape growing minds. Our products consist of modular tables, workstations, collaborative furniture and a wide range of configurative tables.

Leadership in revolutionary workspace design and innovation is our vision and philosophy. P2's fundamental principle is to provide furniture that will integrate spaces effectively and create an environment of quality.

P2 workspace solutions is committed to the conservation of the world's resources and sustainability. This commitment is shown in the environmentally responsible manner within our manufacturing process. Our effort is to provide quality-designed furniture with renewable materials.
