

Solo

PALMIERI combines leading edge technology, attention to detail and premium quality materials to deliver a diverse range of tables to enhance any environment.

Product Specifications:

Tables are constructed with a 1" thick top with a plastic laminate top surface. Each table edge is finished in one of three edge profiles; 3mm Acrylic Edge, $\frac{3}{4}$ " Bullnose Edge, and $\frac{1}{4}$ " Square Edge. The table is then completed with your choice of three $1\frac{1}{2}$ " metal leg styles; Straight Diameter, Wave Fixed, and Wave Caster.

Standard table height is 29"; Table heights of 25" (children), 27" (youth), and 32" (wheelchair) are available by request.

The work surface high pressure laminate shall be .050" thick and used with balancing backer sheet of no less than .028" thick. The laminate conforms to standards set by the National Electrical Manufacturers' Association (NEMA).

All metal legs are thoroughly cleaned and coated electrostatically with an epoxy powder coat paint finish. The metal components are then oven baked and cured for a lasting finish.
